In celebration of the special exhibit "Backstage Pass: Baron Wolman and the Early Years of Rolling Stone", the Temecula Valley Museum is proud to present an afternoon of classic rock n' roll hits from the 1950s through the 1980s performed by the fabulous Smokin' Cobras.

The music begins at 4 PM on Saturday, April 7, 2018 in Sam Hicks Monument Park. The Smokin' Cobras will set up around the granite "They Passed This Way..." monument to perform such hits as "Rock Around The Clock," "Twist and Shout," "Tequila," "Sweet Home Alabama," "Pretty Woman," "CC Rider," and many, many more.

The Temecula Valley Museum will remain open throughout the concert to allow attendees to view the exhibit. This exhibit examines how photographer Baron Wolman and the early editors of Rolling Stone magazine guided the creation of the iconic "rock star," from concert, to cover, to icon.
